**Subject:** Re: Notes / FTP Link etc. from NHO PRP Meeting August 26

Ian,

I sent a link to the ftp site to Ken Ehrlich and Paul Kroger on Tuesday. In addition to the facility-specific sampling data and the groundwater data base that are already available on the ftp site, we plan to post the presentations to the site in the next day or two. As I explained in the email to Ken and Paul, two of the parties giving presentation, Los Angeles By Products and California Car Hikers, have not provided their presentations to EPA yet.

Here is a copy of the email I sent that includes the site access information:

The purpose of this meeting is to provide the PRPs an opportunity to present their response to EPA's request for a good faith offer in the special notice letter.

- Meeting time: 10:30 am
- Location: EPA's Los Angeles Office  
600 Wilshire Blvd  
Suite 1460  
Los Angeles, CA 90017
- Call-in Number: The toll free call-in number is 866-410-9426.

The pass code is 415-744-6470.

- Webcast: None planned.

If the PRPs have materials that they plan to use in the meeting, we can make arrangements for a webcast.

- Power points from the August 26, 2010 meeting will be posted to CH2MHill's ftp site shortly. The instructions for accessing the site are provided below. We are still waiting to receive copies of the technical presentations from Los Angeles By Products and California Car Hikers.
- Access to CH2MHill's ftp site to access EPA's groundwater database and the spreadsheets containing facility-specific data (as discussed at the 8/26/10 meeting):

Technique 1:

Click on the following link to access the folder with the reports, then copy and paste the files to your computer for viewing.

[ftp://anyuser2:fernando@ftp.ch2m.com/SFVpublic/NorthHollywoodOU/Facility\\_Summary\\_Data\\_Tables](ftp://anyuser2:fernando@ftp.ch2m.com/SFVpublic/NorthHollywoodOU/Facility_Summary_Data_Tables)

Technique 2:

Copy and past the following URL in a shortcut (or in the address area of the Windows or Internet Explorer).

[ftp://ftp.ch2m.com/SFVpublic/NorthHollywoodOU/Facility\\_Summary\\_Data\\_Tables](ftp://ftp.ch2m.com/SFVpublic/NorthHollywoodOU/Facility_Summary_Data_Tables)

And for the groundwater monitoring database:

[ftp://ftp.ch2m.com/SFVpublic/SFV\\_Basinwide/SFV\\_Database/](ftp://ftp.ch2m.com/SFVpublic/SFV_Basinwide/SFV_Database/)

Username: anyuser2 (case insensitive)

Password: fernando (all lower case)

Subject: Notes / FTP Link etc. from NHOU PRP Meeting August 26

t:

---

Hello Michael,

We have not received the promised presentations / FTP link / CH2MHill database access that you said you would email out after last week's meeting.

I'm just checking as we are relatively new to process and I wanted to make sure you had our email addresses correct.

As you are no doubt aware Haley & Aldrich Inc. is the environmental consultant for Vulcan Materials Company, specifically the former Hewitt Landfill.

Voytek Bajsarowicz is the project / client lead.

Thanks.
